This is an opportunity to connect disadvantaged and small businesses with participating transit and transportation agencies and government entities.

Does your company provide: planning, design, engineering, analysis, contracting, communications, surveys, consulting, information technology or other services that can help transportation agencies serve the community?

- Learn about current & upcoming contracting opportunities
- Network with public agency's staff and other small businesses
- Expand your business with transit & government entities

The BOC serves our disadvantaged and small business communities. It is the policy of the member agencies participating in the Business Outreach Committee that small businesses owned and controlled by socially and economically disadvantaged individuals are provided equal opportunity to participate in the construction, professional service and procurement activities of their agencies.
